

Consultation on admission arrangements for the Bilingual Primary School Brighton for the academic year 2018-19

Notice is hereby given in accordance with legislation that the board of governors as the admission authority for the Bilingual Primary School is formally consulting on its proposed admission arrangements, admission criteria and supplementary guidance for the school year 2018-2019.

As an admission authority, we must consult with the following:

- a) Parents of children between the ages of two and eighteen.
- b) Other persons in the relevant area who in the opinion of the admission authority have an interest in the proposed admissions. We consider this to be the other Primary Schools within the Hove Partnership
- c) All other admission authorities within the relevant area.
- d) Whichever of the governing body and the local authority who are not the admission authority, i.e. Brighton & Hove City Council.
- e) Any adjoining neighbouring local authorities where the admission authority is the local authority, i.e. East Sussex County Council.

The consultation will begin on 5th December 2016, with the closing date for submitting comments being midnight of Monday 16th January 2017.

The proposed arrangements can be viewed on the Brighton & Hove Admissions consultation page:

<https://www.brighton-hove.gov.uk/content/children-and-education/school-admissions/consultation-school-admissions-arrangements-2018-19>

Or on the school website www.bilingualprimaryschool.org.uk

Alternatively, if you do not have access to the internet and you wish to request a printed copy of the admissions arrangements, please contact Rachel Macpherson at the Bilingual Primary School on 01273 916212.

Comments on the proposed admission arrangements should be sent to Rachel.Macpherson@bilingualprimaryschool.org.uk or by post to Rachel Macpherson Bilingual Primary School, The Droveway, Hove. BN3 7QA, by the closing date (midnight of Monday 16th January 2017).

1. Admissions arrangements for Reception Sept 2018

The Governors at the Bilingual Primary School are the admissions authority for the school and Brighton & Hove City Council's School Admissions Team coordinate the process on their behalf. Parents must apply for Reception age children through the Council for admission to the school. The school has an admission number of 90 at Reception age for September 2018.

The deadline for applications will be 15 January 2018. Parents and Carers will be notified of their allocated place on National Offer Day via email and by post.

Children with a Statement of Special Educational Needs or Education, Health and Care Plan (EHCP) will be entitled to a place at the Bilingual Primary School, if it is the school named in the EHCP or statement. If the child for whom you are responsible has a statement, please tick the box on the application form to indicate that this is the case.

2. Oversubscription Criteria

When the school is oversubscribed, priority for admission will be given to those children who meet the criteria set out below, in order:

Priority 1: Children in the care of a Local Authority (looked after children) and previously looked after children

Priority 2: Children with a medical need requiring admission to this school only (see Supplementary Information below).

Priority 3: Children of a member of staff who has been employed at the school for two or more years at the time at which the application for admission to the school is made, or the member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage.

Priority 4: Children with a sibling at the school. A sibling link is only taken into account if the sibling has already been allocated a place at the school (see Supplementary Information below).

Other children - Random allocation will apply thereafter as a tie-breaker for children living in the postcodes: BN1, all BN2 codes, BN3 and BN41. Places will only be allocated by ballot to children living outside these postcodes if there are still places remaining when all the children living within them have been awarded a place.

Note: *Being a Spanish speaker will not be a criterion for admission.*

3. Waiting Lists

The School's Admissions team will operate a waiting list for each year group. When, in any year, the Bilingual School receives more applications for places than there are places available, a waiting list will operate.

If you have not been offered a place at your first preference school, your child's name will be placed on the waiting list for that school. Your child's name will be removed from the waiting list at Christmas 2018. If you wish your child's name to remain on the list after Christmas, you will need to contact the admissions team at the end of the autumn term 2018 and each subsequent term.

A child's position on the waiting list will be determined solely in accordance with the oversubscription criteria. When places become vacant, they will be allocated to children on the waiting list in accordance with the oversubscription criteria. In the event of more than one child falling within the same oversubscription criteria available places will be subject to random allocation by Brighton & Hove School's Admissions team.

4. Schools Admission Applications

Please note, admissions for Reception 2018 will be coordinated by Brighton & Hove School's Admissions Team and not the Bilingual Primary School.

Please also contact Brighton and Hove School's Admissions Team for applications in all other year groups.

- **Contact details for Brighton & Hove School's Admissions Team:**
 - Email: schooladmissions@brighton-hove.gov.uk
 - Telephone: (01273) 293653

5. Appeals

To appeal against a decision on an application, parents/carers must contact the school for an appeals form, which must then be returned to the school. The appeal will be managed by an independent appeals panel.

Contact details for appeals forms:

- Email: info@bilingualprimaryschool.org.uk
 - Bilingual Primary School, The Droveaway, Hove, BN3 7QA
 - Telephone: (01273) 916212
-
- Where a child is not successful in achieving an offer of a place, the child's parents will be told the reason why admission was refused and that they are entitled to appeal to an independent admission appeal panel within a specified amount of time

under the provisions of the School Standards and Framework Act 1998. The school will provide information to parents about the appeals process and provide the parents with a named contact who can answer any enquiries they may have about the appeals process. Parents lodging an appeal must set out the grounds of the appeal in writing.

- The admission appeal panel will be independent of the school.
- The determination of the admission appeal panel will be made in accordance with the Schools Admission Appeals Code 2012 and will be binding on all parties.

Supplementary Information

Priority 2: Children with Medical Need requiring admission to this school only

Children for whom the Bilingual Primary School is the **only** school that is appropriate for the child to attend because of the child's medical needs will be allocated places under this priority. Applications within the category must be supported with evidence from an appropriate professional.

It is vital that you supply any supporting evidence for compelling medical reasons for admission by the closing date. It is up to you to provide this evidence.

A decision on whether to admit a child under this priority will be made by the Admissions Panel who will take care to apply a consistent approach to all such applications received.

Priority 4: Children with a sibling at the school

A sibling will include a full brother or sister (with the same two parents), a half brother or sister (with one parent in common), a step brother or sister (with different parents but with one parent of each child who are married to the other), an adopted brother or sister, a foster brother or sister, the children of a parent's partner where the parent and their partner are co-habiting, or any other child of the family, but in all cases the sibling must be being brought up with the applicant child as a sibling within the same core family unit, and their main residence must be at the same address as the child for whom the application is made.

For the avoidance of doubt, other children within the family (for example, cousins) who live at the same address because several members of the child's extended family (for example, aunts and uncles) also live there, will not be regarded as siblings for the purpose of this priority.

A parent will include the natural or adoptive father or mother, the foster father or mother, or the legal guardian or person with parental responsibility for the child and with whom the child lives.

Twins and Children from Multiple Births

Where a child who is a twin or a child from a multiple birth has achieved a place in the usual way, but there are no places remaining to admit their twin or siblings from a multiple birth, the school will admit the twin or siblings from a multiple birth over and above the academy's published admission number (PAN). In those cases, those additional children admitted over the PAN will be admitted as "excepted pupils" and will not count towards the statutory maximum class size.

4. Age at Date of Admission

- The school admits “rising five” children, which means that children will normally be admitted to Reception Year at the school in the September following their fourth birthday. A child does not, however, reach compulsory school age until the first prescribed day on or following their fifth birthday. The prescribed days are 31 December, 31 March and 31 August.
- Following the offer and acceptance of a place, parents can defer the date that their child takes up their place, or decide that their child will attend school part-time, until their child reaches compulsory school age or (for children born between 1 April and 31 August) until the beginning of the summer term of that academic year, without their child losing their place.
- If you decide to defer admission, you **must** inform your allocated school when you accept the place.
- Where a place is deferred, it cannot be given to another child, but the child must enter school both:
 - by the beginning of the school term following their fifth birthday and
 - in the school year for which the offer was made
- If your child’s fifth birthday falls between:
 - 1 September 2018 and 31 December 2018, they would normally start school in September 2018. However, you may defer until January 2019.
 - 1 January 2019 and 31 March 2019, they may start school in September 2018 or you can ask to defer admission until the beginning of January 2019 or until after Easter 2019.
 - 1 April 2019 and 31 August 2019 and you choose not to send your child to school until the September following their fifth birthday, an application under the 2019/20 admissions policy will be required and will normally be considered for Year 1 rather than a Reception class. Parents should keep in mind that there is a high possibility that there will not be any available places in Year 1 the following year.

5. Admission of Summer Born Children outside of their Normal Age Range

Parents of children born between 1 April and 31 August (referred to as “summer born children”) may decide that they want to delay their child starting school until the September after the child has reached compulsory school age on 31 August. However, any place already achieved for the child in Reception Year in the usual way cannot be deferred (i.e. held for that child) for the duration of that school year, and parents will need to re-apply for admission the following year. Such applications will be considered with all other applications in the usual way, applying the oversubscription criteria for that year as necessary. As a place cannot be held for their child in Reception Year, Parents of summer born children may request that their child is admitted the following year outside of his or her normal age range into Reception Year instead of Year 1, however there is no automatic right to this. The school will make a decision, having taken into account the circumstances of each case. Where the request is agreed by the school, the application

will be considered with all other applications in the usual way, applying the oversubscription criteria as necessary.

6. In-year Admission and Applications to Other Year Groups

The Bilingual Primary School participates in the Local Authority's co-ordinated in-year admissions scheme and follows the protocol set within it. Applications for admission to year groups other than Reception Year, and applications for in-year admission, must be made directly to the Council. Once the application has been received, if there are no places available within the relevant year group, the child's name will be added to the waiting list in accordance with the procedure set out above.
