Foster Carers

Brighton & Hove City Council Fostering Team recruits foster carers for local children of all ages. Foster carers provide a safe, stable, nurturing home where a child or young person can live whilst their own family is unable to look after them. Children come into foster care for many reasons - it may be because of a family illness, family breakdown or problems at home.

We are currently looking to recruit foster carers to become part of the team of childcare professionals in Brighton & Hove who are working hard, doing the best they can for the children in care.

Foster carers look after children in their own homes and provide them with the secure and nurturing environment they need. They care for children aged from birth to 18 years. Some children return to their birth families or other family members, some are supported through continued fostering until they are ready to live independently and some move onto adoption or residential care.

To become a foster carer you need a spare bedroom, significant childcare experience and a willingness to undertake our training and assessment process.

Foster carers receive a basic allowance to cover the costs of caring for a child and a fee to recognise service, skills and training completed. The allowance depends on the age of the child, and the fostering fee depends on the number of years' experience you have had as a foster carer. The combined amount starts at £299 per week.

Being a Foster Carer is a vital role if you want to make a real difference to children's lives. It is challenging but rewarding. If you are interested in finding out more please call the Fostering Recruitment Team on 01273 295444 or email: fosteringrecruitment@brighton-hove.gov.uk. Please also see our website for more details.
