BRIGHTON & HOVE CITY COUNCIL
ROAD TRAFFIC REGULATION ACT 1984

Brighton & Hove Outer Areas (Waiting, Loading and Parking) and Cycle Lanes Consolidation Order 2013 Amendment No.* 201* (TRO-20-2015)

Statement of Reasons

The Council is proposing to amend the lengths of no waiting restrictions (double yellow lines) in Melbourne Street due to a redevelopment in the area.

The current waiting restrictions on the eastern carriageway – west side, can be reduced as there is no longer any access required on this length.

On the southern carriageway – south side, an extension to the existing waiting restriction is required to ensure that access is not obstructed for the emergency services for the new development.
