

# **BRIGHTON & HOVE CITY COUNCIL HIGHWAYS ACT 1980**

## **STATEMENT OF REASONS**

Speed monitoring since the introduction of 20mph speed limit indicates that speeds on Nizells Avenue and Dyke Road Drive have not reduced sufficiently. The Speed cushions (and/ or) raised tables will reduce average vehicle speeds so they are consistent with the legal limit for this road, assist pedestrians by providing safer crossing points and reduce overall risk for residents and their vehicles
