1	PLEDGE e.g. I will extend the life of my existing tech by not upgrading unless I need to. <input type="checkbox"/>
2	I'll take care to protect my devices from accidental damage with a case or cover so they don't become damaged beyond repair. <input type="checkbox"/>
3	I will be thoughtful: could one device serve multiple functions instead of having several devices which do everything separately? <input type="checkbox"/>
4	I will try before you buy. I will hire or borrow a device to see if it's right for me and whether I'll use it as much as I think. <input type="checkbox"/>
5	I will borrow electrical tools from the Brighton Community Workshop's Tool Library: https://www.bcw.org.uk/ <input type="checkbox"/>
6	If I have electrical devices that I don't use often I will rent them out on Fat Llama: https://fatllama.com/ <input type="checkbox"/>
7	If my device is broken, I will have a go repairing it (with the help of tutorials, e.g on YouTube, and forums to show me how). <input type="checkbox"/>
8	I'll learn to repair by bringing my electrical device to my next local repair cafe or to Brighton Community Workshop's Repair Shop. <input type="checkbox"/>
9	Next time I buy an electronic device, I will choose a company that allows me to return it for repair or replacement. <input type="checkbox"/>
10	When I buy my next new device, I will explore refurbished first.

Don't forget to send us a copy of the form to:

Waste-Less Pledges

Food

Technology

11		I'll clear out my drawers of unused electricals and send them for reuse with: https://www.thezeronet.com/revaluelectricals <input type="checkbox"/>
12		I will unplug all non-essential electronic items and avoid leaving them on standby to reduce my electricity use and energy bills. <input type="checkbox"/>
13		I will volunteer with RevaluIT, our city's first "pay what you can" shop for refurbished electricals at the bottom of North Street. <input type="checkbox"/>
14		I will involve a friend to be an Electronics Champion and collect 20 pledges from friends, families, colleagues or neighbours. <input type="checkbox"/>
