TAURUS (21 APRIL - 21 MAY)
 The Moon in your home zone encourages you to slow down. Even if you do have a lot on your plate, to spread out your workload over the day. If you feel challenged by certain events, a little pausing can put you in a better space, so you'll make short work of your tasks. Call for more...

LIBRA (24 SEPTEMBER - 23 OCTOBER)
 Perhaps you've done all you can to resolve something, and there's not much else to try. It may be at this point, that it all comes together, and in a way that is better than you envisaged. The less you get involved, the more things are likely to heal under their own steam. Call for more advice...

SCORPIO (24 OCTOBER - 23 NOVEMBER)

SAGITTARIUS (23 NOVEMBER - 21 DECEMBER)
 The Moon in a globetrotting zone could find you eager to explore, even if it means trying a new restaurant. If you do get a chance to book a banquet trip, you may just take it. You need to feel like you're going places, and even a small jaunt can make a difference. Call for more advice...
