

BRIGHTON & HOVE CITY COUNCIL ROAD TRAFFIC REGULATION ACT 1984

**Brighton & Hove (Prohibition of Motor Vehicles) (Saltdean Primary) Experimental Order
2023 (ref: TRO-40-2023)**

STATEMENT OF REASONS

In a “School Streets” scheme, all non-exempt motor vehicle access to streets near school entrances is restricted during school drop off and pick up times, principally to reduce vehicle congestion around the school gates and improve road safety. This also encourages and better enables active and sustainable travel by children and their parents/carers on the school journey.

In October 2021 the Council mandated the delivery of a School Streets programme within the prevailing national and local policy context. Nationally, the Government released their ‘Gear Change’ vision document in July 2020 which sets out the national ambition to make walking and bicycle riding the natural choice for short journeys, or as part of a longer journey. Locally, the new Local Transport Plan 5 (LTP5) is being developed to help everyone move around the City more safely, sustainably, and easily. School Streets will further support the vision, outcomes and principles of the new LTP5, as agreed by the ETS Committee on 22 June 2021. One of the key principles is shifting how people travel – prioritising walking and bicycle riding for shorter journeys and public transport for longer journeys.

In service of the fulfilment of a School Streets scheme at Saltdean Primary School, School Lane will be closed to non-exempt motor vehicle traffic for its entire length at school drop off and pick up times. The enforcement hours for this School Street will be Monday to Friday 8.15am to 9.15am and 2.45pm to 3.45pm -Term Time Only.
