1040	Section S215 Notice	16 Highcroft Villas, Brighton.	Brighton & Hove City Council	18/03/2004	18/02/2004	15/04/2004	15/10/2004	Remove from the front garden area of the said land all the abandoned vehicles. Remove all the rubbish from the front garden.	N/A	15 July 2004	
1041	Listed Building S172 Enforcement Notice	Palmeira House, 82 Western Road, Hove	Brighton & Hove City Council	17/03/2004	20/02/2004	21/04/2004	21/08/2004	Raise the height of the bottom of the sub-fascias within the original window openings so that they are lower than the top of the window opening they are situated in by a maximum of: 950mm in the case of the windows on the south and west elevations, 650mm in the case of the windows in the east and the corner southeast elevations. The bottom of the sub-fascias mentioned in (i) above must be at a single level throughout, and the bottom of the sub-fascias mentioned in (ii) above must be at a higher single level. Install new larger shop windows to fill the increased opening size created by raising the sub-fascias. These new window frames are to be painted BS 4800 08 C 39. Raise the suspended ceiling within the shop so that it is no lower than 200mm above the height of the bottom of the higher sub-fascias (those in the east and the corner southeast elevations). Remove the thick transom at the head of the new entrance doors and replace with a thinner transom so that the finished entrance matches that shown on the attached drawing, no. 26.13.01:RevC. Replace all vinyl graphics with either colourless opaque vinyl or colourless etching up to a height of 1600mm from the floor height of the shop. The new etching or vinyl graphics may retain the lettering shown on drawing no. 26.13.01:RevC (attached) but must not have any coloured stripes. Make good any damage caused by undertaking the above works.	N/A	21 August 2004

1195	Section S215 Notice Notice	9-10 Victoria Road, Brighton	Brighton & Hove City Council	07/04/2011	03/03/2011	13/05/2011	13/11/2011	The following work is required to the front elevation (including the short return onto Clifton Terrace, and the stacks, rain water goods and walls behind the parapet wall visible from the street) of building on the Land: 1. The missing hood moulds to the two central windows at first floor level should be reinstated to match the adjoining hood moulds in appearance and position relative to the window below. 2. The decayed timber moulds at first and ground floor level should be removed and repairs carried out to match existing. 3. The rainwater goods, parapet gutter and roof gutters to the third storey set back from the main elevation, should be cleared of blockages including plant growth, checked for soundness and repaired or replaced if necessary, to match the existing. 4. All fractured pipe work should be re-newed, any leaking connections resealed and corroded parts treated against further rusting. 5. Loose cables should be fixed neatly and unobtrusively to the building and all redundant cables should be removed. 6. The joinery to the windows, hood mouldings and front entrance should be cleared of loose and flaking paint to a sound base and redecorated in accordance with the paint manufacturers' instructions using external gloss paint to match the existing colour scheme. Where the timber sub-cills have been painted black, these should be redecorated to colour match the rest of the windows. 7. The black plinth to the facade should be cleaned of grime and flaking paint and redecorated in accordance with the paint manufacturers' instructions using smooth masonry paint in black. 8. All rendered areas and stucco mouldings should be prepared to a sound base, removing plant growth from the parapet cornice prior to redecorating in accordance with the paint manufacturers' instructions using smooth masonry paint to match the existing colour scheme. 9. All rendering and re-pointing works should be carried out using a lime based mortar mix compatible with the existing render / mortar. 10. All new and exposed woodwork must be properly knotted, primed and undercoated prior to gloss paint being applied	N/A	13 November 2011

1396	Section S215 Notice Notice	3-5 Percival Terrace, Brighton	Brighton & Hove City Council	10/09/2015	21/07/2015	08/10/2015	08/01/2016	<p><u>Balcony decks</u></p> <ul style="list-style-type: none"> • There are cracks running through the stone balcony decks of numbers 4 and 5, with vegetation growing on the upper surfaces in and around the cracks. • These defective areas and the cracks must be cleaned back to sound substrate, removing all vegetative growth. The cracks must be repaired to a smooth finish and the balcony edges repaired to the original profile, in all cases using suitably matching materials. <p><u>Area railings and plinth</u></p> <ul style="list-style-type: none"> • The railings on the right hand side of the entrance steps to number 5 have a missing post, finial and section of the top rail and a further post has become detached at its base. The stonework to the plinth along the line of the corroded posts on the right side of the main front entrance (at number 5) has cracked and moved. • The missing, damaged and corroded ironwork must all be replaced and repaired to exactly match the original patterns. The broken and decayed feet of the iron posts to the entrance landing of number 5 must be removed from the stonework, the crack in the stonework repaired with suitably matching material and the posts re-fixed in their original positions. <p><u>Entrance steps to number 4 and basement steps to number 5</u></p> <ul style="list-style-type: none"> • There are a significant number of missing and broken ceramic tiles and nosings to the steps to the main front entrance of number 4. • The missing/broken tiles and nosings to these steps must be replaced to exactly match the pre-existing tile and pattern. • The stone top step leading to the basement of number 5 is suffering from delamination and cracking. • The loose and broken sections of that stone step leading to the basement of number 5 must be cut out and new stone of matching type and colour must be pieced in 			
1397					21/07/2015		??	<p><u>Redecoration</u></p> <ul style="list-style-type: none"> • All loose and flaking paint must be removed from the balcony decks to numbers 3-5, the portico to number 5 and the plinths to the area railings to numbers 3-5. These surfaces must be prepared to a sound base and redecorated in accordance with the paint manufacturer's instructions to match the existing colour scheme. • The area railings, balcony railings and cast iron brackets to the balconies to numbers 3-5 must be thoroughly cleaned of all rust, grease and salt. Loose, perished or flaking paint must be removed from the ironwork and sound paint surfaces rubbed down. Corroded parts of the ironwork must be treated against further rusting. The ironwork must be redecorated in accordance with the paint manufacturer's instructions with a black gloss finish. • The ground floor front door joinery to numbers 4 and 5 must be cleared of loose and flaking paint to a sound base and redecorated in accordance with the paint manufacturer's instructions using an external gloss paint to match the existing colour scheme. 			
1398	S172 Enforcement Notice	66 roundhill Crescent	Brighton & Hove City Council	18/09/2015	21/07/2015	01/11/2015	21/02/2016	<ol style="list-style-type: none"> 1. Remove the three, upvc framed casement windows from the front elevation of the property at first floor level. 2. Remove the three, upvc framed casement windows from the front elevation of the property at ground floor level. 3. Remove the three, upvc framed casement windows from the front elevation of the property at basement level. 4. Install nine, timber framed, sliding sash windows to replace those removed in steps 1. to 3. above. The windows shall match exactly those at No.64 Roundhill Crescent in terms of scale, design, materials and detailing (See attached photo). 		15 March 2016	
1399	Section 54 Notice (Urgent Works)	13A and 14 Stone Street, Brighton	Brighton & Hove City Council	21/09/2015	07/08/2015	29/09/2015	N/A	<p><u>13A and 14 Stone Street</u></p> <ol style="list-style-type: none"> 1. In such manner as to prevent ingress of water: <ol style="list-style-type: none"> a) Provide temporary roof covering to the entire roof of the two storey element of number 14 by installing impervious flexible sheeting, supported on the existing structure and additional temporary support if necessary. Secure with suitable fixings, battens or weights. Dress into gutters and outlets. Install self-adhesive membrane flashings to seal edges. Include for covering the coping and flaunching to the rear (south) chimney stack. b) Clear the cast iron gutter and rainwater goods to the central section of the front (north) roof slope of the two storey element (number 14) and generally ensure that all rainwater run-off is conducted to the main drains. c) Replace the plastic gutters either side of the central section of the front (north) roof slope to the two storey element (number 14) with temporary large capacity gutters; clear all other rainwater goods connecting from these gutters and generally ensure that all rainwater run-off is conducted to the main drains. d) Clear and refix the existing gutters and other rainwater goods to the single storey building on the east side of the courtyard (number 13A); replace the end cap of the gutter at the northern end on the west side and generally ensure that all rainwater run-off is conducted to the main drains. e) Clear and refix the existing gutters and other rainwater goods to the single storey building on the west side of the courtyard (number 14) and generally ensure that all rainwater run-off is conducted to the main drains. f) Clear and refix the gutters and other rainwater goods to the rear (south) roof slope of the two storey element (number 14) and extend the existing rainwater downpipe to ground level in a manner so that it discharges away from the rear (south) wall.
