The council has a **statutory duty** under the Education and Inspections Act 2006 to promote sustainable travel to school, in particular the promotion of sustainable travel and transport modes on the journey to, from, and between schools and other institutions. This booklet, along with other work done within the School Travel and the Road Safety Team at Brighton & Hove City Council, is part of the delivery of this statutory duty.

How do we travel to school?

There are over 90 schools in Brighton & Hove. The chart below gives a snapshot of how children travelled to school across the city between 2006/7 and 2011/12.

Mode of Travel to School comparison 2006/7 to 2011/12

Source: 2006-2011 DfT; 2011/12 Brighton & Hove City Council Mode of Travel to School Survey

The Brighton & Hove City Council Mode of Travel Survey shows that 30% of children in the city are travelling to school by car, including vans and taxis. This has increased slightly since last year. Each year we gather data for how children travel to school across the city. Please see www.brighton-hove.gov.uk/schooltravel for our most recent survey results.

What we are working towards

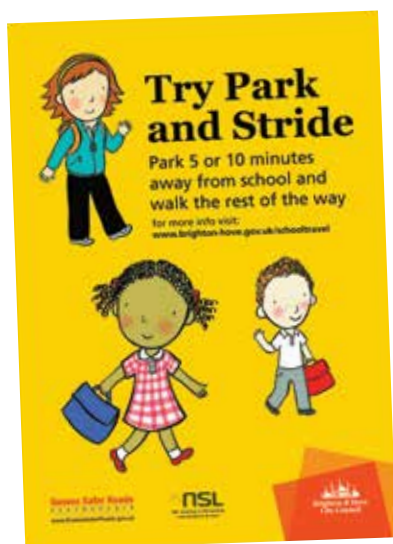

Our main priorities are:

- to reduce road traffic, ease congestion and reduce carbon emissions, especially outside schools;
- to contribute to children and young people's immediate and long-term health;
- to encourage people to look at safer, more active, and sustainable travel options - walking, cycling, scooting, public transport - as an alternative to using the car, particularly for short journeys.

'My dream way of travelling to school' competition 2012.
Overall winner Sophie, aged 5

Walking to School

twice a year, in May and October. The campaigns are aimed at encouraging children and their families to travel to school more actively.

School Travel 01273 292357

Park & Stride

Park & Stride simply means driving some of the way to school, parking up away from the school entrance and walking the rest of the way. Park and stride is particularly good for families that live a long way from school and can't walk the whole way. It has the added benefit of reducing congestion around the school entrance, making it safer for children to enter their school.

If you don't walk to school already, why not consider trying it out, or at least walking part of the way? If you need to drive, why not park your car away from the school and walk the last five minutes? School Travel currently run the following schemes across the city, to encourage more walking to school, and to educate children in road safety skills.

Walk to School Campaign

Many schools across the city take part in the Walk to School campaigns which take place

Child Pedestrian Training & Road Safety Resources

This scheme offers road safety skills training to children aged 5-8 in schools. The training takes place in the immediate area around the children's school. Training is offered to all schools with children aged 5-8, and is free of charge. Bookings are taken annually. All trainers undertake an enhanced Disclosure & Barring Service (DBS) check (previously known as a Criminal Record Bureau [CRB] check). We also provide road safety resource boxes for nurseries and schools to borrow. These can be booked by contacting the Child Pedestrian Training Scheme Co-ordinator.

Child Pedestrian Training 01273 292335

School Crossing Patrol Service

Come rain or shine, school crossing patrols are there to help you cross the road safely on the journey to and from school. They have been around for 60 years, and in Brighton & Hove we are proud to have eighteen operating at various sites across the city. All School Crossing Patrol Officers undertake an enhanced Disclosure

& Barring Service (DBS) check (previously known as a Criminal Record Bureau [CRB] check). Finding people to do this job is not always easy but if you think you could help, please call the School Crossing Patrol Manager.

School Crossing Patrol Manager 01273 293847

To see if your school is participating in any of these initiatives see 'What's happening at my school' on page 14.

Cycling and Scooting to School

Bikeability Cycle Training

Bikeability, a national on-road cycle training scheme, is offered to all schools with children aged 9 – 14. We also offer holiday courses. All Bikeability training is free of charge. All trainers undertake an enhanced Disclosure & Barring Service (DBS) check (previously known as a Criminal Record Bureau [CRB] check), a Child Protection check, and will have successfully completed Bikeability training to the national standard.

Bikeability Manager
01273 293847

Scooter Training

Scooting is a fun and safe way to get to school as long as children are aware of a few basic road safety rules. The Road Safety Team has been running scooter training in the city since September 2010, for Year 2 children aged 6-7. The training not only increases skills but also improves confidence,

and awareness of other pavement users. We also offer training & resources to early years teachers, so they can carry out scooter training within their pre-school setting themselves.

All training is free of charge.

School Travel 01273 291744

Cycle & Scooter Storage in Schools

Since 2008, many schools across the city have benefited from new or improved cycle and scooter parking facilities as a result of the council's successful funding bids to the Department for Transport.

School Travel 01273 292357

Sustrans Bike It Project

We are working in partnership with the NHS to offer the Bike It project. Run by Sustrans, a national charity, Bike It aims to get more young people cycling to school and for other journeys. Sustrans has a Bike It Officer who works intensively with a number of schools across the city to promote cycling, using a range of initiatives to engage with children and their families. In the last year, schools have been running activities including: Learn to Ride days, 'Dayglo Day!', Clean & Fix Your

Bike sessions, cycle training, 'Bling' your bike, Mapping the Downs, Transition Rides, Mountain-Biking, mechanics workshops, Bike Clubs and attendance initiatives.

Bike It Officer 07824 813556
ben.sherratt@sustrans.org.uk

For further information see:
www.sustrans.org.uk/bikeit

To see if your school is participating in any of these initiatives see 'What's happening at my school' on page 14.

Driving to School

If you need to drive your child to school

For the safety of your child, their friends, and the local community you have a responsibility to park safely, legally and considerately. This means not parking on single or double yellow lines; not double parking; not stopping or dropping off on the School Keep Clear yellow zigzags or pedestrian crossing white zigzag lines; not parking on corners or junctions near the school entrance; not blocking driveways.

What can I do instead?

Try 'Park and Stride' – park away from the school entrance and walk the last 5 or 10 minutes. Walking half a mile only takes between 8 and 17 minutes. How many calories you burn depends on how fast you walk!

Try a 'Walking Bus' – organise a small group of parents to share the walk to school and take it in turns with other parents to do the school run. You could even combine this idea with Park and Stride.

Walking to school contributes to the recommended daily physical

activity for you and your children. It also helps to reduce congestion around the school and helps to improve air quality, providing benefits for everyone.

Try Car Sharing – if you have to drive to school then get together with other parents who need to go by car and take it in turns to drive.

You could start by doing any of these just once or twice a week.

Child Seatbelts, Child Car Seats, and the Law

If you are driving your child and others on the journey to school, it is important that you understand the law on child seatbelts. Please see the summary table page 10. For further advice and information see

www.childcarseats.org.uk

Road Safety Officer 01273 292258

Parking Enforcement

Civil Enforcement Officers (CEOs) target areas where illegal and dangerous parking is a potential threat to child safety. Also, they can now issue 'Postal' Penalty Charge Notices (PCNs) for illegal stopping/parking, including for stopping on School Keep Clears. The CEO takes photos of the illegally stopped vehicle, and the owner will receive a PCN in the post.

To report parking problems outside your school contact

**Schools' Parking Enforcement
0845 6035469 Option 3**

To report anti-social driving visit www.operationcrackdown.org

School Keep Clears

School Keep Clear yellow zigzag markings are located outside many schools in the city. They are there for safety - to ensure clear sight lines for both motorists and children, as well as other road users, outside schools. They create a clear area to cross more safely. There is a 'No Stopping' order placed on

the zigzags, enforceable at most schools from 8am – 6pm Monday – Friday, except August. If you stop or park on the markings during these times, you are liable to receive a PCN of £70.

More information at www.brighton-hove.gov.uk/parksafe

Brighton & Hove – A 20mph City

In April 2013 a 20mph speed limit was introduced in

much of central Brighton & Hove, including around several schools. In the coming years, as the 20mph programme expands, all the schools in the city will benefit from lower speeds in the surrounding roads. This will make walking and cycling to school a safer, as well as a healthier, choice.

For more information see www.brighton-hove.gov.uk/20mph

Driving, cycling, walking or riding?

Share the Roads, Share the Responsibility

Summary of the Seat Belt Laws for Cars, Taxis and Private Hire Cars

	Front seat	Rear seat	Who is responsible?
Driver	Seat belt MUST be worn if available.		Driver
Children under 3 years old	Correct child restraint MUST be used.	Correct child restraint MUST be used If one is not available in a taxi, then the child may travel unrestrained in the rear	Driver
Children aged 3 and above, until they reach EITHER their 12th birthday OR 135cm in height	Correct child restraint MUST be used	Where seat belts fitted, correct child restraint MUST be used MUST use adult belt if the correct child restraint is not available in three scenarios: - in a licensed taxi or private hire vehicle; - for a short distance for reason of unexpected necessity; - two occupied child restraints prevent fitment of a third. In addition, a child 3 and over may travel unrestrained in the rear seat of a vehicle if seat belts are not available	Driver
Child over 1.35 metres, or 12 to 13 years	Seat belt MUST be worn if available	Seat belt MUST be worn if available	Driver
Adult passengers (ie 14 years and over)	Seat belt MUST be worn if available	Seat belt MUST be worn if available	Passenger

Safer Routes to School and JourneyOn

Safer Routes to School

These schemes use physical measures to improve the area around a school, making the route to school safer for children and their families to walk and cycle. We work in areas near schools where police collision data shows there's a problem which physical measures could help solve, and where there are no road safety measures currently being built.

A typical scheme would usually consist of a range of new or improved road safety measures, including crossing points and improved signage.

This initiative allows the school and the local community to work together to find solutions to road safety issues which are potentially stopping communities from walking or cycling.

Safer Routes Officer 01273 290235

JourneyOn for Schools

This Brighton & Hove based journey planning site is designed for parents and carers to help them find schools, pre-schools, nurseries and early years providers in the city, plan a safe route and find out which buses go near each school.

If your child already attends school and you want to try a different way to get to school, click on 'Find your school' and it will show you, for example, how long it would take to walk, how many calories you might burn if you cycled, or a good route to drive.

If you are new to the area or your child is changing schools, 'Find schools in your area' shows a map of schools near to you.

The JourneyOn website is now available on web-enabled mobile phones. You can access real time bus and train information for free whilst you're on the move.

www.journeyon.co.uk/schools

Bus, Train and School Transport

Bus

A free Brighton & Hove Bus Company busID card entitles those aged 5-19 to discounted bus fares. See the tables below for details. A busID also entitles you to reduced rates for day, week or three month SAVER tickets. Up to three busID holders can travel with each accompanying adult. Further terms and conditions apply. Brighton & Hove Bus Company now operate

a new smartcard system, called **the key**. For further information and to apply for a busID or a key card, contact Brighton and Hove Bus Company.

Brighton & Hove Bus Company
01273 886200

www.buses.co.uk/tickets

A number of other bus companies operate bus routes throughout the city. For further information see www.brighton-hove.gov.uk/publictransport

To see which buses go to your school see 'What's happening at my school' p.14

Travelling with a busID card

Age 0-4	Free - no bus ID needed until 5 yrs old
Age 5-19 Travelling with an adult anytime	30p one way
Age 5-19 Travelling alone before 6pm on schooldays	Child fare (half adult fare)
Age 5-19 Travelling alone after 6pm, at weekends, and school holidays	60p

Travelling without a busID card

Age 0-4	Free - no busID needed until 5 years old
Age 5-13	Half adult fare, full price for SAVER tickets
Age 14 -19	Full adult fare

Train

There are eight railway stations in the city all located close to residential areas and served by buses. Children younger than 16 pay half fare.

For more information about train services in the city go to www.nationalrail.co.uk

Brighton & Hove City Council Public Transport Team
01273 292480

To see which train stations are near your school see 'What's happening at my school' p.14

School Transport

The council has a duty to provide free transport between home and school for some children. Entitlement is based on certain criteria including the distance to their appropriate school, low income, attendance at a special school, and some medical reasons.

For information on free home to school transport, and assessment for all taxi transport (Medical and SEN) for travel to school please email

hometoschooltransport@brighton-hove.gov.uk

More detailed information is available on the council's school transport web pages via **www.brighton-hove.gov.uk/schooltravel**
