East Brighton

“ East Brighton is a great area to live with a strong community feeling, the residents have a great amount of pride in their area, which covers Whitehawk, Manor Farm, Bristol Estate and Craven Vale. We have busy community cafés, three vibrant schools and the Whitehawk Inn which offers many courses that are affordable for all. There are less opportunities for us residents here and all we ask is to be treated with the same fairness as the rest of the city. Don't be shy come and meet us. ”

Welcome to the East Brighton Neighbourhood Action Plan (NAP)

When communities work with each other and with local services, there are more opportunities to listen, understand each other and shape services that work. It builds skills which can lead to volunteering or employment and creates a greater sense of belonging across communities and neighbourhoods. Supporting communities to develop networks with friends and neighbours creates more community activities, reducing social isolation, improving wellbeing, and reducing the need for more specialist services.

This NAP aims to fulfil the commitment within the Brighton and Hove Collaboration Framework working collaboratively to improve and develop East Brighton.

East Brighton Neighbourhood Action Plan (NAP)

This Neighbourhood Action Plan is a commitment to working collaboratively to improve and develop East Brighton.

It is based on a range of information that has come from events, meetings and conversations with the residents from Whitehawk, Manor Farm, Bristol Estate and Craven Vale over the last 5 years.

There is a real desire to participate and residents have great ideas and local knowledge to improve the local area and to set up, run and deliver activities and services through community groups and organisations.

What is the East Brighton Neighbourhood Action Plan (NAP)

East Brighton Partnership

Event (Every 3 Months)

Partners will be:

- Sharing **success stories** from the NAP
- Creating **solutions to problems** faced achieving actions
- Tackling **emerging priorities** in East Brighton

Throughout the year, there will be NAP events taking place across East Brighton that will give residents the opportunity to create change and get involved.

There are nine themes that have been produced by the residents of East Brighton in partnership with community groups and public services:

1. Community Safety 
2. Housing 
3. Communication 
4. Environment and Open Space 
5. Festivals and Celebrations 
6. Equalities, Inclusion and Faith 
7. Enterprise Employment and Learning 
8. Children and Families 
9. Health and Well-being 

Each theme has a set of actions and to ensure each action is achieved, specific partners have made a commitment to take lead responsibility. Each action has a clear positive impact on the East Brighton communities.

East Brighton Communities

There are **14,010 people** living in East Brighton

Of these **7,705 people** live in Whitehawk, Manor Farm and Bristol Estate.

Economy

Economy
26% of 16-74 year olds are in **full-time employment**

compared to **36%** in Brighton & Hove and **39%** in England

Vulnerable groups

Vulnerable Groups
45% of children in these neighbourhoods are living in **poverty**

compared to **18%** in Brighton & Hove and **19%** in England

Education/skills

Education & Skills
37% of people in these areas have **no qualifications**

compared to **16%** in Brighton & Hove and **22%** in England

Whitehawk, Manor Farm & Bristol Estate

Deprivation

Rising inequalities means growing differences between people and those with the very least are falling further behind. In East Brighton especially Whitehawk, Manor Farm and Bristol Estate staticly residents are falling furthest behind in education, income, employment, health and wellbeing and housing.

Local residents know what it is like to be amongst those that have the least. Just like everyone else they want a better life for their children, a decent home to live in, to work and be paid fairly for it and good health and wellbeing for their families.

In response we have come together to develop the East Brighton NAP. By working together with local people, community groups, public services and businesses we can achieve real long term change that builds a fairer city where East Brighton has the same opportunities to benefit from the resources, facilities and services that make this such a special place to live.

Health Deprivation

7,741 people

100% experience 1 or more of the following:

- Shortened life expectancy
- Illness and disability
- emergency hospital admissions
- Mood and anxiety disorders

100% compared to **19.8%** for England

Income

(people out of work and low earners)

81% compared to **20%** in England and **14%** in Brighton & Hove

Households in need of Housing Benefit

1,730 households

52.9% compared to **16%** in England

(Nov-17)

Index of

Multiple Deprivation

(people experiencing more than one of the above)

7,391 people

95.5% compared to **20.1%** in England

The % of people 'satisfied with their neighbourhood' is higher than the average across England (ID) 2015 domain

Whitehawk, Bristol Estate and Manor Farm

Social rented households **70.3% (2,271)**

England average **17.7%**

Rented from Council **56.5% (1,827)**

England average **9.4%**

Profile:

Due East Neighbourhood Council

Hawks
Community
Café

Due East Neighbourhood Council and **Serendipity** run Hawks Community Café, located next to the Whitehawk Library, staffed by local residents & providing apprenticeships and volunteering opportunities to local young people.

Due East Neighbourhood Council

has been the organisation that has led the big NAP conversation and will continue to play a key role in delivering its actions.

Due East are a group of passionate residents from **Whitehawk, Bristol Estate & Manor Farm** who want to see local decisions made by local people. They are determined to be advocates for East Brighton and its residents, tackling exclusion and maximising resources available to local communities.

With support from the Serendipity's community development workers, Due East have helped award a number of small local grants to kickstart local community activity. Residents can bid and vote online and vote at local events, making decisions on which community groups receive funding. Hundreds of residents have voted with 38 groups applying for funding to date. Due East also chairs focus and themed groups, produces the community newsletter, and organises community events and festivals.

www.dueeast.org.uk

Story 1: Regeneration of the Broadway local shopping area

A new on-street paid parking scheme in the Broadway, the main shopping area in Whitehawk, resulted in local people making less use of the shops. Residents met with local businesses and found they were losing up to 30% trade due to the parking changes.

‘This result made the local shops happier as trade increased, residents could nip to local shops instead of a major effort of a trip to the supermarket’

DueEast trustee & Whitehawk resident

Community workers supported traders, local residents and shoppers, council officers and ward councillors to create a task and finish group who worked collaboratively over many months to make the case for changing the parking arrangement. They consulted the local community, re-designing and submitting a new scheme for formal legal approval.

After almost 2 years’ work a new scheme was designed and approved and built with new signs, improved dropped kerbs and road crossing islands for pedestrians and free parking was reinstated for shoppers. This action resulted in a City Wide policy parking change and businesses reported an improvement in trade.

Story 2: Local Community Consultation

Three new housing developments

in the area through the City Council's Homes for Neighbourhoods project brought great opportunities for new tenants but created questions for existing residents concerned about the impact of these on their local environment.

Due East and residents worked closely with the council housing team, local residents and community groups for well over a year to help ensure:

- The community were fully informed about these developments
- Residents were consulted creatively using the Planning for Real model about their views on the impact of the schemes
- There was regular liaison between the local community, the council and its contractors during the build of these schemes

'Planning for Real was a learning curve for us and again residents had an input so feel they have ownership of work in the neighbourhood. From this I still have contact with officers, which is helpful for other things that may come up in the future'

DueEast trustee &
Whitehawk resident

Hundreds of local people have taken part in consultation and information events, A group of residents were trained in Planning for Real methods and helped organise public consultations alongside the Homes for Neighbourhoods team. Section 106 funds will be used in response demand to improve local facilities identified and prioritised by the local community. This engagement work will continue as construction teams move out and new residents move in and are welcomed into the existing community.

Story 3: The Manor

2017 saw the Manor develop and extend its role in the community by organising a showcase event at which the new 3G pitches were launched. They also hosted 'Your Place' with Brighton Festival to bring arts activities to local people. Due to its success, the Manor is the venue for the Your Place 2018, a weekend of arts and culture as part of Brighton Festival.

Its journey has been supported by community development from Serendipity and DueEast as well as a strong presence from the East Brighton community.

In 2005, the City Council who had run The Manor, a sports hall and recreation venue, could no longer afford to do so. A group of local residents and volunteers recognised the Manor's value within the community so came together to create a new charity that would run the facilities.

Thirteen years on, the team of local residents running the Manor are going from strength to strength. 2017 saw them successfully completing a major capital fundraising campaign, resulting in the creation of superb new floodlit 3G and multi-use games areas alongside the sports hall. The income from the new facility bookings has enabled the Manor to move from a volunteer model to employ its first paid staff, recruited from the local community to run every aspect of the charity.

The Manor continues to be a major success story in the local community in East Brighton and remains a key community facility providing services provided by local people for local people.

East Brighton NAP themes

Communications

What are we trying to achieve?	How are we going to achieve it?	Who is going to do it?	When are we going to do it?
Improved awareness of community activities, news and opportunities.	Produce four community newsletter per year & distribute these to every household.	DueEast BHCC Housing BHCC Resident Involvement Officers Serendipity BHT	Ongoing

Thank you

On behalf of the DueEast, Serendipity and Brighton & Hove City Council Communities and Equality teams we want to thank everyone who has contributed so far and to thank in advance all those who are and will be contributing to the achievement of all the actions in this plan. There is a lot of work to be done here and we look forward to working with you all in the coming years.

There is much work to be done and the nature of the challenges in East Brighton mean that working together across all sectors, is the only way to bring about long term improvements and change. We look forward to working with you to achieve this in the coming years.
