LLHA 0254	Thematic Survey		Letterboxes	Thematic Survey	Historic Building	Street Furniture - letter boxes		Examples meeting the following criteria will be added to the local list: All Victorian and anonymous pillar boxes. As the most historic post boxes in the city, these boxes merit inclusion on the local list; All wall boxes and lamp boxes dating to or predating the reign of Edward VIII, as these are much rarer in the city. The location of a number of wall boxes is known; no examples of lamp boxes dating to this period are currently known; All Edward VIII letter boxes. These are rare across the country due to the short time Edward VIII was on the throne prior to his

								abdication. There is one known example within the city; Pillar boxes that form a clear group with other historic street furniture; Pillar boxes with a clear association (visual or historic) with listed buildings. For a list of known examples, and for further information, please refer to the full assessment.
LLHA 0255	Thematic Survey		Street Lighting	Thematic Survey	Historic Building	Street furniture - street lighting		Examples meeting the following criteria will be added to the local list: Rare cast iron column patterns in conservation areas that are not one of the main types, unless it appears that they are examples of historicist replacements; Surviving examples of type 1, type 4, type 5 and type 6 columns in conservation areas, where known and identified; Groups or rows of type 2 and type 3 columns where located in formal streets, squares, crescents or terraces of listed buildings or where associated with a notable listed building or historic open space. Additionally, the survival of original swan neck electric lanterns will be taken into consideration. For a list of known examples, and for further information, please refer to the full assessment.
