Old Steine Bus Stops from 14 January 2018

As an experiment, Brighton & Hove bus services 7, N7, 14C, 18, 22, 48, 78 and 79 will no longer serve Old Steine stop H (this is the stop adjacent to St James's Street). These services will continue to serve Old Steine stop U (the bus stop just to the south of North Street).

Brighton & Hove Buses are doing this to ease congestion at Old Steine stop H because of the high number of buses using it: buses are unable to pass each other there. The company are hoping that this experiment will improve punctuality for all bus services using Old Steine. They will be listening to customer feedback and monitoring how it works.
